THE ARTIST

ANTHONY LLEWELLYN

THE ARTIST

Anthony Llewellyn is a contemporary soul and R&B recording artist whose work centers romance, grown-man storytelling and polished musicality. His presentation blends the intimacy of a classic balladeer with the visual language of modern luxury, giving the music a distinct world that moves naturally from headphones to the stage.

His musical identity is rooted in family and tradition. Deep Florida roots, a Grenadian musician father and a mother known for her vocal talent shaped an early understanding that music could carry both memory and legacy. That foundation now informs an artist brand built around connection, sophistication and songs meant to live beyond a release cycle.

From The Balladeer to current and forthcoming projects, Llewellyn continues to expand the palette: romantic soul, contemporary R&B, cinematic production and an increasingly ambitious live experience.

*“Music is a higher form
of connection.”*
